

HALF-SQUARE TRIANGLE CHEAT SHEET

I like to make my half-square triangles a little bit larger and then trim them down to the exact size. Use the table below to determine the size to cut your squares.

HST Unfinished Size	HST Finished Size	Cut Squares	HST Unfinished Size	HST Finished Size	Cut Squares
1	½	1 ⅝	7	6 ½	7 ⅝
1 ½	1	2 ⅛	7 ½	7	8 ⅛
2	1 ½	2 ⅝	8	7 ½	8 ⅝
2 ½	2	3 ⅛	8 ½	8	9 ⅛
3	2 ½	3 ⅝	9	8 ½	9 ⅝
3 ½	3	4 ⅛	9 ½	9	10 ⅛
4	3 ½	4 ⅝	10	9 ½	10 ⅝
4 ½	4	5 ⅛	10 ½	10	11 ⅛
5	4 ½	5 ⅝	11	10 ½	11 ⅝
5 ½	5	6 ⅛	11 ½	11	12 ⅛
6	5 ½	6 ⅝	12	11 ½	12 ⅝
6 ½	6	7 ⅛	12 ½	12	13 ⅛

All measurements are in inches

- Draw a diagonal line on the wrong side of one square
- Place the square on top of another square, right sides together
- Sew ¼" on each side of the line
- Cut the squares apart on the drawn line
- Trim the HST units to the UNFINISHED size
